ABSTRACT

Designed to provide information about projects funded by States under Section 310 of the Adult Education Act, this catalog lists 400 projects. It is the eighth in a series of annual listings of special projects and staff development programs. The 400 projects are divided into 18 categories or subject areas. These categories are administration, assessment, community linkage, correctional education, counseling, diploma programs, disabled adults, dissemination, employability, English as a second language, evaluation, general educational development, life skills, literacy, recruitment, staff development, technology, and volunteers. Information provided for each project includes project number, project title, funding, contact person with addresses and telephone number, description, and product. A cross reference index identifies areas addressed by projects in addition to the major subject area under which they are categorized. Addresses and telephone numbers of state directors of adult education are appended. (YLB)

INTRODUCTION

The Catalog of Adult Education Projects for Fiscal Year 1985 is the eighth in a series of annual listings of special projects and staff development programs. It is designed to keep the field informed about projects funded by States under Section 310 of the Adult Education Act.

Eighteen categories were chosen to represent the subject areas for the 400 projects listed. Since many projects reflect a combination of subjects, Appendix A identifies the additional areas addressed by such projects.

Over 200 products are scheduled for development by these projects. To obtain information about the projects or their products, please use the project contact as your starting point, or contact the appropriate state director (Appendix B). Most projects will be completed by June, 1985.

DAE appreciates the assistance given by Dr. Donald McCune in the collection of project abstracts, and by Frances Littlejohn and Patricia Lang in development of the Catalog.
